GBR 1867		Genius	J70	Arthur Farley	BHYC

Instructions for reloading this spreadsheet into HalSail

The column headings must be in one of the first three rows. You can use any of the first 26 columns (A to Z). The only mandatory one is Sail Number.

HalSail stops reading the spreadsheet when it encounters a row with no sail number, so don't leave any blank cells in that column. If the boat has no sai
